

ADDA POLICIES

Season 63

In addition to its rules, ADDA will have the following set of policies, which will be revisited at the beginning of each new season. Unless specifically stated within this document, ADDA policies will default to the ADO policies.

I. League Fees and Deadlines

- A. League fees will consist of the following;
 - a. Player fees of \$30 per player on each team's roster. Please note that if a team sends a representative to the league meeting each season, that team will receive a discount of \$5 per player for the player fees.
 - b. Bar fees of \$70 per team.
- B. Player and bar fees may be submitted by check given to the Coordinator or a Board member or mailed to the address listed on the Bar Invoice available on addadarts.com.

II. Alternate Pool

- A. An "alternate pool" of players that are not affiliated with any team will be maintained by the ADDA President or President's designee. The purpose of the alternate pool is to have a resource of players that want to play in the league but did not get picked up by a team who would allow current ADDA teams to avoid rescheduling matches due to an insufficient number of players.
- B. Each alternate in the pool will be assigned a division(s) in which they may play (i.e A Division only or A/B or C only, etc.).
- C. All teams can use the alternate pool a maximum of four times during the season. Multiple alternates can be used in one night, but at least half of the players present for the team must be actual team members.
- D. Each alternate pool player may play with a team unlimited times during the season.
- E. Alternate may not be used during the playoffs.
- F. Teams wishing to use a player from the alternate pool can access the alternate pool via the website to obtain contact information for the alternates. Teams shall then notify the ADDA Coordinator which alternate will be used.
- G. Members of the alternate pool do not have to pay a player fee.
- H. If a player is used from the alternate pool, they must be allowed to play in 5 games during the match, and are not allowed to play the two point cricket game.

III. Dart Boards and Throwing Lines

- A. ADDA will supply boards to all participating teams. These boards are to last for one year or a total of three seasons at a minimum. The coordinator will poll the teams as to when boards need replacing rather than just replace after three seasons though.
- B. Captains and alternate captains are responsible for bringing their board to each match. ADDA boards are not to be left at the bars. ADDA boards should not remain on the wall for non-ADDA

patron use. Teams will be responsible for replacing damaged boards resulting from non-ADDA bar patron use.

- C. Per ADDA rules, all bars must have league-approved throwing lines.

IV. Regular Season

- A. Season 63 will begin May 11th and will consist of 10 weeks of competition and with the regular season conclusion on July 27th.
- B. "Division Champions" will be the regular season first place teams from each division.

V. Post-Season Tournaments and Super Saturday

- A. Division A has its own bracket (The Rob Spears Memorial Cup) with all six teams making the playoffs. The top two seeded teams will have a first round bye.
- B. Divisions B and C play in the PBR Cup bracket. The top four teams from each division qualify, seeded by PPWA.
- C. Divisions D and E play in the ADDA Cup bracket. The top four teams from each division qualify, seeded by PPWA.
- D. The first round of playoffs will take place on Monday, August 3rd at higher-seed's home bar. If there are two matches in the same bar and the bar cannot accommodate both matches, then the impacted teams should work out a resolution of the conflict amongst themselves.
- E. Round two and three of the playoffs will take place Saturday, August 8th. Venue and schedule TBD.
- F. If a playoff match happens at Super Saturday or a neutral location, then the higher-seeded team is considered the visitors for the purpose of cork, board selection, and option for 2-out-of-3 for the 2pt cricket match. If a round one match occurs at the higher-seeds home bar, then the other team is considered the visitors.

VI. Team Captain's Agreement

- A. By the submission of dues, each team captain acknowledges their responsibilities as described in these Policies and the ADDA Rules.
